A small taste on the new collection.....

As our hot summer fades to a cooler climate, nature enters one of its most inspiring colourful seasons. Check out what our artists have been busy with the last months.

Sacha d'Emans

The Dutch artist Sacha d'Emans tells of her recent inspiration from her latest travels. You can see these influences materialise in a number of her splendid new works. These are made especially for PremiumArt.co.uk

"Venice has made an indelible impression on me, the city which may one day disappear. The grey white stones of the Pallazzos, the dark red terracotta of some walls, and the silt silver blue water that flow by in the canals, Sacha."
